THE CHICAGO EXPOSITION.

Belgium Will Make an Extensive Ex-  
hibit, Including Over 400  
Works of Art.

Victoria, Australia, has made a World's  
Fair appropriation of \$100,000.

The bulletins sent out by the Chicago  
World's Fair Commission contain no  
mention of Oregon.

In the government exhibit will appear  
all the relics, which are obtainable, of  
various Arctic exploring expeditions.

Arguments for and against Sunday  
opening of the exposition will be heard  
by the national convention on October 6.

Great Britain has added \$25,000 to its  
World's Fair appropriation, making it  
now \$260,000, or approximately \$300,000.

The number of intending exhibitors  
announced from Pennsylvania up to date  
is 350, of whom 250 are Philadelphians.

Applications for space in the exposition  
buildings now aggregate more than  
4,000,000 square feet, a little over one-  
third being from foreign applicants.

An Equimaux village inhabited by  
from fifty to seventy-five natives of the  
frozen region will be one of the sights on  
Midway Plaisance at the exposition.

It is reported that a number of Indians  
from the Peruvian forests and a large  
collection of native Peruvian paintings  
will be included in the exhibit which  
Peru will make.

Word has been received at exposition  
headquarters that Belgium will make an  
extensive exhibit, including over 400  
works of art, embracing both paintings  
and statuary, a varied assortment of  
manufactured articles, arms and mu-  
sical instruments. A special Belgian  
Commissioner to the fair is expected to  
arrive in Chicago soon.

OCCIDENTAL MELANGE

Judge Shattuck Opposed to the  
Chinese Exclusion Act.

AN APPOINTMENT BY GOV. MARKHAM.

British Seal Poachers Threaten to Sail  
Under the German and Other  
Flags—Other News.

A large colony of Japanese propose to  
emigrate to Sonora, Mexico, locate along  
the Yaqui river and cultivate silk, tea  
and rice.

Chinese are getting into San Diego  
from Mexico with but little trouble.  
Eighteen were smuggled in at one time  
a few days ago.

There is a protest against the manner  
in which the voting booths are being  
constructed at Los Angeles. It is claimed  
they will permit of fraud.

Charles Taylor, the man who  
"peached" on Frank Henton, his pal, in  
the robbing of the Boise City postoffice,  
now says his story was false, but that  
statement is not credited.

The Chinese of Portland are exercised  
over the death of one of their country-  
men while in the jail. They claim the  
police used undue violence, and are de-  
termined to have the case thoroughly  
investigated.

The Palm Valley Water Company in  
San Diego county, Cal., has ordered In-  
dian Agent Rust to reopen the ditch  
which he recently closed. The Indians  
are overjoyed at their ditch being given  
back to them.

The State Supreme Court of Idaho has  
held valid what is called the high-license  
law in Idaho. The court sustains the  
law at every point. The measure pro-  
vides that the license shall vary in towns  
of different population.

The seal poachers of British Columbia  
threaten to sail under German and other  
flags and look to other governments than  
Great Britain for protection. Many of  
the sealers have invested all their money  
in these piratical ventures, and are now  
bemoaning the probable loss of their in-  
vestments.

Astoria's railroad excitement has taken  
to that city a gang of burglars, who are  
rightening lone women in their houses  
in the early part of the evening. A  
number of petty thefts are reported, but  
no large "haul" has yet been made.

Judge Catlin at Sacramento has de-  
cided that the election to provide a spe-  
cial tax to pay special policemen was  
illegal and the tax not collectable, owing  
to a fatal feature in the tickets voted,  
which had the affirmative printed on  
them and not the negative, the law re-  
quiring both, so that the voter could  
scratch the one he did not wish to in-  
dorse.

Chances are favorable for the estab-  
lishment of the proposed telephone line  
from Pendleton to Long Creek and Can-  
yon City, and it is probable that work  
will begin very soon. As soon as roads  
are easily passable W. D. Fletcher, man-  
ager of the Pendleton Exchange, and  
others interested will go over the route  
and make arrangements. The building  
of the line will be a great advantage to  
Pendleton and to places all along the  
route.

Hopmen of Lane county, Or., report  
that up to within a couple of weeks ago  
hops made a rapid and hardy growth,  
but the past two weeks ago they have  
grown very slowly, owing to the damp,  
cold weather. They expect them to  
come out all right, however, and the  
prospects at present are that hops will  
command a good price next fall. They  
are now quoted as being worth 35 cents.  
Most hop raisers believe that the hop  
lice are going to be numerous this sum-  
mer, and many of them are already pre-  
paring to do a large amount of spraying.

Judge Shattuck refused a writ of ha-  
beas corpus in the case of thirteen Chi-  
nese, who came to Portland on the  
steamer Batavia and were denied land-  
ing by the Federal authorities. Judge  
Shattuck gave his decision in accordance  
with United States law, and then pro-  
ceeded to declare the law excluding the  
Chinese obnoxious and iniquitous. "We  
must alter our attitude toward the Chi-  
nese," said he, "or war will be the re-  
sult. China is getting to be a very  
wealthy and powerful nation, as the  
French found after a vain struggle of  
three or four years to gain possession of  
a little piece of her."

CONGRESSIONAL MATTERS.

Bill Designed to Remedy Defects in the  
Workings of the Interstate  
Commerce Law.

The Treasury Department has decided  
that customs officers are not authorized  
to permit the original entry of Chinese  
persons on the submission of naturaliza-  
tion papers issued by another govern-  
ment.

The United States Court of Claims has  
rendered a judgment under the Hermann  
bill of last Congress in favor of Ezekiel  
Bailey of Douglas county, Or., for \$2,650  
for property destroyed in the Oregon In-  
dian wars.

The annual fortifications bill has been  
practically agreed on by the fortifications  
subcommittee of the House Committee  
on Appropriations. A cut amounting to  
more than 35 per cent. has been made  
from the bill of last year.

The Senate has adopted the resolution  
offered by Stewart several weeks ago,  
calling upon the Secretary of the Treas-  
ury for information as to the purchase  
of silver bullion and the coinage of sil-  
ver under the act of 1890.

Blair has introduced a resolution in  
the House instructing the Committee on  
Ways and Means to report a bill impos-  
ing an income tax sufficient to meet the  
expenditures for pensions; also a bill to  
repeal all taxes imposed upon currency  
issued by authority of the States.

The House Committee on Agriculture  
has decided to report a bill providing for  
agricultural colleges for experiments in  
culture. Representative Caminetti  
says one of them will go to California  
under the bill's provisions. It will be  
under the supervision of the University  
of California.

Senator Allen has submitted to the  
Indian Committee what he thinks is  
about the fair thing for a report on the  
Payalpin Indian reservation; but, as  
before stated, the committee does not  
take the same view of the situation as  
the Washington delegation, and is liable  
to make a different report.

After having considered the question  
of constitutionality for a long time the  
House Judiciary Committee has decided  
to report a resolution directing an in-  
vestigation to be made into the Pinkerton  
system. The committee came to the  
conclusion because of the alleged use of  
Pinkerton men by interstate commerce  
carriers and also because it was alleged  
their employment resulted in violence to  
persons and property.

Secretary Blaine appeared the other  
day before the Senate Committee on  
Commerce and made a strong argument  
opposing the pending resolution author-  
izing the landing of the French cable on  
the shores of Virginia and South Caro-  
lina. His objection was because the  
French Cable Company, co-operating  
with the Brazilian government, had an  
absolute monopoly of the cable privi-  
leges between the United States and  
Brazil, and if the resolutions passed, the  
negotiations looking to the procurement  
of a concession to the American Cable  
Company would come to naught. The  
Secretary appeared to be in excellent  
health, and made his argument with  
spirit and emphasis.

Senator Squire says he is not sure that  
he will be able to secure the passage of  
the bill for the gun factory on the Pacific  
Coast, and he is now looking with some  
favor upon the proposition from the War  
Department, which suggests that the  
Pacific Coast should, pending legisla-  
tion on this latter, accept about fifty  
mortars, to be situated at important  
points for the protection of the river and  
harbor property. Even if the bill should  
pass for a government factory, it could  
not be built and turn out guns until at  
least two years. During that time it is  
thought by some of the War Department  
officials that it would be well to send  
the mortars to the coast.

Mr. Mason, Commissioner of the In-  
ternal Revenue, said the other day that  
the recent decision of the Supreme Court  
of the United States in the case of George  
R. Eaton is liable to be misunderstood  
by persons not familiar with the facts.  
That particular case, he explained, arose  
under the original oleomargarine act,  
which did not prescribe a penalty in  
case wholesale dealers failed to report to  
the Commissioner of Internal Revenue.  
The law, however, was subsequently  
amended to cover this omission. It  
should be understood therefore it is no  
longer a mere department regulation,  
but a provision of the law.

John Joy Edson, Chairman of the  
Citizens' Committee of the Twenty-  
sixth National Encampment of the  
Grand Army, to be held at Washington  
in September, has written a letter to  
Commander-in-Chief Palmer, stating the  
committee has asked Congress to appro-  
priate \$100,000 from the funds of the  
District of Columbia to assist in paying  
the expenses of the encampment, and  
that in consequence of the erroneous  
belief that the appropriation was asked  
from the fund of the general govern-  
ment, members of the Grand Army sent  
protests to Congress against the appro-  
priation. Edson says the misapprehen-  
sion is embarrassing to the committee,  
and asks the appropriation may be re-  
quested so far as possible.

Economist Holman is determined to  
make a very strong fight against the  
river and harbor bill when it comes up  
in the House. He thinks he will have  
strength enough to defeat it. Chairman  
Blanchard, however, says he sees no  
reason why it should not pass. The  
Senate Committee on Commerce is going  
ahead with the consideration of the bill,  
and the amendments which that com-  
mittee proposes to make to it when the  
bill comes over. They have gone about  
half way through the bill, but have not  
yet touched the Pacific Coast improve-  
ments either on rivers or harbors. There  
is no doubt Senator Dolph will secure  
some amendments for investment in Ore-  
gon and the present action which Sen-  
ator Squire made for Washington will se-  
cure some increases for that State.
